

It's a Rocket Launch!

February 19, 2011

Would you like to learn about rocket propulsion and what makes a rocket trajectory stable? Then come join us! You don't need to be in a rocket or science project to attend. This event is *open to all members and ages, however, members 13 years old and under must be accompanied by a parent or guardian.*

For the first hour you will learn about rockets and assemble rocket models. For the second hour you will launch your rocket and see what kind of results you get.

There are two ways to participate:

1. Make a rocket at the event (materials will be available onsite for \$5.00—enough for two rockets);
OR
2. Purchase and assemble a rocket kit before the event—there won't be enough time to assemble a kit at the event (*Estes-type* rocket kits are available at local hobby stores for \$10-\$40).

Date/Time: Saturday, February 19, 2011 from 3:00-5:15pm

Location: 8735 San Rafael Road, Atascadero

RSVP: By February 11, 2011 to chansen@co.slo.ca.us

(RSVPs are *greatly* appreciated; however, drop-ins will be welcomed)

Questions: Dennis Derickson at ddericks@calpoly.edu or the 4-H office at 781-5943.

- The world is shrinking!! We live in a global community. In our inter-related world, events in one country affect others and we have many more opportunities to interact with people from around the world. Find out how you can begin to prepare yourself to be an active citizen in a global world by participating in the **4-H International Exchange** Programs. In 2011, California 4-H members and families will host students from **Costa Rica, Japan, and Norway**. In addition, 4-H members and leaders can travel outbound to **Australia**. The Japanese hosting applications are being accepted now with placement preference for early applications. The Norway hosting applications are due **February 21** and the Costa Rica hosting applications are due March 21, but either can be submitted at any time. Applications for Australia are due **Feb 1**. Information is available at: <http://www.ca4h.org/Projects/Citizenship/International/> or by contacting Pat English at - penenglish@ucdavis.edu or 530-754-8520.
- **Registration Date Extended!!** Registration for California Focus is still open. Are you ready to learn how to be a more effective leader and how to impact your community in a fun and active way? 4-H NEWS & OPPORTUNITIES

Open Positions on 4-H Management Board

We're looking for volunteers to fill two open positions on the 4-H Youth Development Management Board: **Fundraising Director** and **Section Council Delegate**.

The **Fundraising Director** is responsible for providing leadership to and managing the fundraising efforts of the board on behalf of the 4-H program. The Director also chairs the Fundraising Committee, which is responsible for short and long range goal setting, planning, and program implementation related to fundraising.

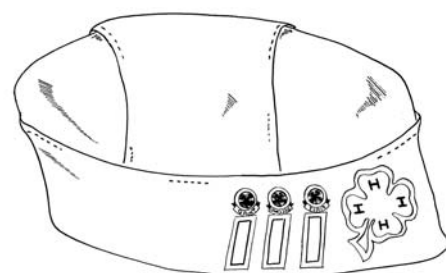

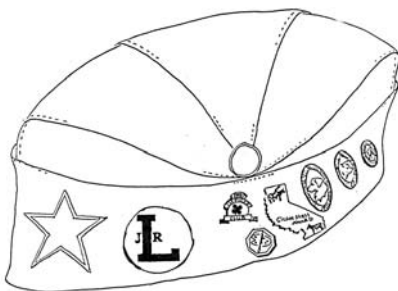

The **Section Council Delegate** represents San Luis Obispo County on the South Sectional 4-H Leaders' Council and serves as the link between the council and the SLO County 4-H YDP Management Board. The Leaders' Council meets four times a year and assists in coordinating Sectional events that are leader planned; such as TIC, Field Days and the State Leaders' Forum.

If you would be interested in applying for one of these positions or if you have any questions, please call the 4-H office at 781-5943.

4-H HAT ETIQUETTE REMINDER

As your 4-H membership moves up into the 9th grade and you change over to your white hat, remember that all you have to do is remove all of your stripes, medals and pins from your green hat, and put them on your white hat. You do not replace all of your green background stripes with white background stripes. Any questions, contact Julie at the 4-H office at (805) 781-5941.

4-H S.E.T. INFORMATION

Why... SCIENCE

Why do our youth (and adults) need to know science concepts and processes? In his book, *Why Science?*, James Trefil outlines three cases for everyone to have a fundamental level of science literacy:

Civics: In politics and civic debates, a significant proportion of the conversation centers on advances in science and technology. A person needs a basic level of science literacy in order to fully make sense of these advances and contribute to the dialogue.

Culture: Science has a social component and ideas are shaped by the social context.

Fruitful debate on the role of innovation relies on a bridge between the public and scientists. The stability of this bridge depends on mutual understanding and definitions of science concepts and processes.

Aesthetics: Understanding of science can improve a person's appreciation for the aesthetic beauty in the universe. Being able to grasp the fundamentals of complex biological systems or the primeval creation of geological formations may draw our eyes to details that an untrained eye would pass over.

In 2011, as you continue **in your role as a [project leader]** of 4-H learning experiences, **think about ways to engage 4-H members in science! Every 4-H project has a connection to science, engineering, and/or technology. Help youth explore the world, discover new concepts, and practice science processes.** In our role as a youth development organization, we can have a positive impact on youth science literacy!

When facilitating activities with a group of youth, step back and evaluate yourself.

Who's doing most of the talking? Hopefully the youth are discussing, questioning, and exploring while you are acting as a facilitator (not a teacher).

Are you asking open-ended questions? Do your questions use the terms discuss, interpret, explain, compare, evaluate, instead of what, when, who, where?

Are there opportunities for youth to apply their learning in real world situations? Perhaps through community service / service learning activities?

4-H POP TOP COLLECTION DRIVE NEWS

Canyon Country 4-H Pops a Top for the Ronald McDonald House!

Canyon Country 4-H Club is sponsoring the **2011 Pop a Top for Families, Collection Drive**. Ronald McDonald House is the only charity that has ever used pop tops. With Community Club Leader, JoAnn Overbey at the helm, Community Service Leader Pam Moring and Treasurer Jesse-Ray Moring, the club hopes to make the 2011 pop top collection drive the best ever!

You can make a difference in the lives of families with seriously ill and injured children!

The Ronald McDonald House is located next door to the Children's Hospital of Central California. The "House" as it's called, is just that, a home away from home for families and siblings of hospitalized children. The "House" provides fully furnished, beautiful rooms where families can stay while helping their children get medical care. It is just a short walk from the "House" to the hospital.

The Ronald McDonald House is a beautiful, stress free zone for families who have more than their share of things to worry about. The "House" has laundry rooms, play rooms, libraries, game rooms, and a beautiful dining/living room area. Volunteers schedule a special meal every night, and come in, prepare meals and serve them to the families staying in the "House".

Ronald McDonald House needs your help to provide rooms for families. One of the most important fundraisers is the Pop Top Program. Here are the facts:

Why do you only recycle the tops?

The pop tops are the purest form of aluminum on the can, they are cleaner, and easier to store in large amounts.

Does anyone else collect pop tops?

NO. Ronald McDonald House is the only Charity that has ever collected and used pop tops. Any other stories were just rumors. (No one knows where the rumors began.)

How much is a pop top worth?

When redeeming pop tops only, we are paid the going rate for scrap metal. The rate ranges from \$0.30 - \$0.70/lb.

Who can get involved?

That is the great thing about the pop top program. Everyone can do it. If you have aluminum cans with a pop top, you can be a part of the pop top collection program.

What do I collect the pop tops in?

When you bring your tops to us, please put them in bags, cardboard boxes, or plastic containers.

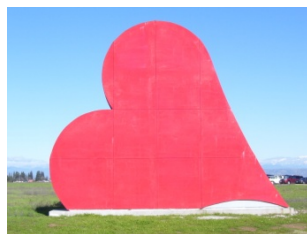

Where do I turn them in?

You can give us a call at (805) 286-8505, or bring them to the 4-H office at 2156 Sierra Way, Suite C, San Luis Obispo, Ca. 93401-4556. We'll be happy to pick them up if you need us to!

Pop tops are everywhere! The beach, the park, your school, your church, on the ground, EVERYWHERE! Remember YOU CAN MAKE A DIFFERENCE! Pop A Top for Ronald McDonald House and help us help families in need!

Thank-You, Pam Moring Canyon Country 4-H Community Service Leader

Please contact Denise Harris at the 4-H office for drop off or call JoAnn Overbey at (805) 528-8232 for more information.

4-H CLUB NEWS

Canyon Country 4-H Community Service Rocks!

Canyon Country 4-H Community Service group has been very busy the past few months. Community Service Leader, Pamela Morring, has led several outings to Vineyard Hills Health Center, the Food Bank, the Ronald McDonald House, and Toys-4-Tots.

We collected food for Thanksgiving and donated it to the Food Bank. Our group collected Toys-4-Tots and Jesse-Ray Morring rode his entry in the Paso Robles Holiday Lights Parade. Decorated for Toys-4-Tots, and covered in lights, Jesse-Ray was awarded a First Place ribbon!

Canyon Country 4-H decorated resident's doors for Christmas at Vineyard Hills Health Center. "It's great to see the resident's eyes light up when we turn their doors into Christmas presents!" says Jesse-Ray, who serves as youth leader and club treasurer. "We have a great time too!" Jesse-Ray and his family started the tradition of wrapping doors at Vineyard Hills, back in 2005. "We wrap every door like a jumbo Christmas present with bows and ribbons then we sing Christmas carols, it makes the residents so happy, some sing along!"

Canyon Country's Sewing group recently completed a beautiful quilt for a special cause. This quilt was lovingly made by each member putting together a square containing a special message. Under the direction of Sewing Leader Kasey Rosecrans, the group will donate their quilt to the Degroot Home for Children. The Degroot Home provides a loving place for disabled children to call home.

Our next Community Service project is **the 2011 Pop a Top for Ronald McDonald House Families Collection Drive**. We are asking that everyone, everywhere, collect every pop top they find. We'd like all S.L.O. County 4-H Clubs to collect pop tops and turn them in to the County 4-H office. Talk to your school, office, work, friends, family, and neighborhood.

This is a special year for the pop tops! Clovis Recycling Center has generously agreed to match every pop top collected! These pop tops mean help for families with sick children at Children's Hospital of Central California.

So, save those pop tops and remember that Community Service is helping to help others!

Thank you,
Jesse-Ray Morring
Community Service Jr. Leader

Giving Back

By: Michelle McPherson

After a very successful year at the Mid-State Fair, the Ranchita Canyon 4-H group started off the year giving back to the community that showed us support at the fair.

Lester Rouget, a member of 555 Grange has helped our 4-H group for many years. He is always at the meetings, gives us opportunity to help at any pancake breakfast and for letting us use the Grange for our general and group meetings free of charge. He has put so much effort and time to the community. We were very saddened to hear that a part of his heart, Barbara Estelle Hatch Rouget had died in July. When we had a chance to give back to this family, that is such a staple in our group, the turn-out was amazing! Our 4-Hers were over static to serve the 300+ guests that had come to Barbara's memorial.

However, the Ranchita Canyon's giving back heart didn't stop there. Ranchita Canyon also made a couple of appearances serving pancakes in the community. The first one was at the Heritage Oaks Family Fun Run in Paso Robles. We paired up with the local Grange to serve the runners who could get free pancakes and sausages after they finished their run. Then we partnered with the Grange again and served a motorcycle group to benefit the Special Olympics.

Before heading out for Trick or Treating, our groups headed to Creston Village and played several rounds of Bingo with the seniors. It was a great time for us to get a chance to give back and spread the word about the great things 4-H can give to the community.

Our annual Koats for Kids was a huge success. We would like to thanks Daniel E. Lewis Middle School for working with us in the collection over 250 coats that will be given to kids in the area that are in need of a warm coat for a winter that looks like it will be cold and rainy.

I would also like to congratulate Maureen Pushea, Madison Warren, Isacc Parrish, Austin Domingos, Brittney Ellart, Caitilin Morrison, Sammie Anderson, Annie Beckham, and myself for achieving an award at the SLO County Achievement Night!
