ONLINE ENROLLMENT REGISTRATION PROCESS for the 2013-2014 4-H Program Year

Hello 4-H Families!

San Luis Obispo County 4-H Youth Development Program is now using an online registration program called 4hOnline for our enrollment process. For instructions on how to enroll online in your 4-H club for the 2013-2014 4-H Program Year, please go to the county website: www.slocounty4h.org, and click on the Registration Forms and Applications link.

NOTE: After you log into https://ca.4honline.com you will need to use the email address that is on file with the County 4-H office. This is usually the email address where you receive the 4-H newsletter. If your email address does not work—try using it in ALL CAPS as it is case sensitive. If you are having trouble logging into the 4hOnline system, contact the 4-H office at 781-5943 or via the email address: dharris@co.slo.ca.us

Also Note: The 4hOnline System will prompt you to print out the Youth Medical Release forms (two pages); Adult Project Leaders will have to print out the Medical Release forms as well; fill them out and turn them into your 4-H Community Club Leader along with the $34.00 Insurance Fee for Youth Members; $12.00 for Adult Project Leaders. Fee Payments are not online—please give your insurance fee payment to your 4-H Community Club Leader.

It is important that you do not create a new profile if you are a Re-Enrolling 4-H member as you already have a database profile in 4hOnline. Please see the instructions on how to re-enroll.

We have held trainings for your 4-H Community Club Leader and/or Volunteer Enrollment Coordinator (VEC) for your 4-H club for this new online registration site: https://ca.4honline.com

**Congratulations to our Youth of Distinction Winners!**
A delegation of five youth and two adults attended and worked behind the scenes for the State Leadership Conference (SLC) held at UC Davis July 24-28.

Enzo Suprinski and Justine Potter, some of our 2013-2014 SLO County All Stars, represented San Luis Obispo County as delegates and enjoyed the nice warm weather while they attended workshops on leadership, Revolution of Responsibility projects and recreation activities that included a 100-year Celebration with live band and BBQ, dance and a swim party. They were hot and tired at the end, but enjoyed the opportunity to meet so many new people and see what 4-H has to offer!

Ashley Lauinger, Sophie Johnston and Sigrid Derickson represented SLO County as Support Staff to the State Ambassadors that plan and run the entire conference. They worked very hard and long hours, but had a blast meeting new friends, re-acquainting with friends they met last year (at the SLC Conference in San Diego) and learned what it takes to put on a conference for over 500 youth and staff. Tammy Lauinger went as Conference Medical Staff and kept very, very busy, but managed to fit in some fun in-between patients working with the youth and adult staff. Sarah Derickson went as Chaperone to the All Star delegates and had a great time working with the youth and adult staff.

While we were there, Anthony Aguirre received the 2012 STATE GOLDEN CLOVER Dillon Percy 4-H Member Leadership Award ~ Congratulations Anthony!!!

Sigrid Derickson was inducted as State Ambassador representing SLO County at the leadership conference. We could not have been more proud to see her up there on stage that day!

Participating in a SLO Scientist group could be just the project you’re looking for! Kids…bring your favorite adult; …adults…bring your favorite kid;…and enjoy the time together experiencing and experimenting through our curriculum-based hands-on science activities.

For more information about joining a SLO Scientist Youth/Adult Science club, please contact Heather Dauer, 4-H SLO Scientist Project Coordinator at 781-5943.

Please take a look at our flyer located on the 4-H website: www.slocounty4h.org. Click S.E.T. on the right side of the page, then SLO Scientists. By the way, as a current member of a local 4-H Club, you pay only the $6.00 Materials Fee to be in a SLO Scientist group.
Become a 4-H SLO Scientist Volunteer Facilitator

Would you, or someone you know, enjoy leading children and adults together in hands-on science activities? If this sounds like fun, you could become a SLO Scientist Facilitator to lead a 4-H youth/adult science project!

Several 4-H members in 3rd, 4th, 5th or 6th grade come with their parent or other favorite adult to participate together as science teams in activities related to subjects including chemistry, watershed explorations, earthquake preparedness and local geology or plant and soil science.

You don’t need a background in science to lead our groups...just a desire to facilitate a small group of children and adults together in “doing science” a couple times per month. An introduction and informative training session to our terrific program will be offered in San Luis Obispo later this fall.

For more information about the SLO Scientist program or becoming a volunteer facilitator to lead a SLO Scientist project, please contact Heather Dauer, 4-H SLO Scientist Project Coordinator, at 781-5943.

iThrive Leadership Project Curriculum has a SET Focus for the 2013-14 Program Year

Are you looking for ways to continue to develop 4-H members ages 12 and up in effective leadership skills? iThrive takes the principles of positive youth development and organizes them in a fun and engaging way to develop the leadership skills of our 4-H youth. Each module of this year’s curriculum links one or more scientific and engineering practices to a Thrive concept. These eight essential practices are those used every day by scientists and engineers in their work.

The accompanying iChampion Adult Volunteer Leader Guide provides an easy to follow resource to make project leaders successful in using this curriculum. Using the experiential learning cycle, iThrive provides opportunities for youth to realize their true and full potential and shows them how they can help their peers do the same. The curriculum is free and available to any project leader of a leadership project. To find out more about Thrive, check out the state website at http://www.ca4h.org/About/Thrive/. If you are interested in bringing Thrive into your leadership project for the 2013-2014 program year, contact your county office at 781-5950 to find out how you can get started.
