DISTINCTIVE LEADERS in 2014-2015!

The San Luis Obispo County 4-H Youth Development Program is excited to announce our countywide awards program — “4-H Youth of Distinction!” The 4-H Youth of Distinction (YOD) award focuses on honoring 4-H members who demonstrate leadership skills in their 4-H clubs, schools and community.

The 4-H Youth of Distinction Award is achieved via a Nomination basis. 4-H members are nominated by any adult volunteer, with the exclusion of family members. Note: All 4-H YOD Nominations must be approved by the nominee’s 4-H Community Club Leader.

Nomination forms must be received in the 4-H office by Friday, January 30th, 2015.

The 4-H Youth of Distinction Award recognizes 4-H members in three different categories/grades: (6th, 7th), (8th, 9th) and (10th, 11th, 12th). Nominees will be evaluated; and up to 25 youth will be selected to receive the San Luis Obispo County 4-H Youth of Distinction Award!

A letter providing detailed information along with the nomination form will be sent to all SLO County 4-H Community Club Leaders and the YOD Nomination form can also be accessed on the new county website located at: [http://ucanr.edu/sites/slo4-h/Club_Forms/](http://ucanr.edu/sites/slo4-h/Club_Forms/)

Large Animal Testing for 2014-2015 4-H Program Year

Large Animal Level Testing (including Horse) will be offered at the UCCE Auditorium at 2156 Sierra Way, San Luis Obispo, 93401 on: January 17th from 1-4 pm and also on March 28th from 9-12am.

If you are going to attend, please RSVP by email to dharris@co.slo.ca.us OR call the 4-H Office at (805) 781-5943 and provide your Name, 4-H Club, the large animal species and level that you want to take. There are study guides on the new county website located at: [http://ucanr.edu/sites/slo4-h/Large_and_Small_Animal_Level_Test_and_Study_Guides/](http://ucanr.edu/sites/slo4-h/Large_and_Small_Animal_Level_Test_and_Study_Guides/) that you can study from, but it is also suggested you study the 4-H curriculum books. Good luck and see you there!

Start the New Year off with an Exciting New Project: 
Be a 4-H SLO Scientist!

Beginning in late January and early February, several new 4-H SLO Scientist groups will be forming throughout San Luis Obispo County, to include Los Osos, San Luis Obispo, and Santa Margarita. If you’re in 3rd, 4th, 5th, or 6th grade and enjoy science and hands-on activities, then you’ll love the SLO Scientist program.

You’ll come with your parent, or other favorite adult, and participate together as a science team with other youth and adults to form a small group of science teams who have fun “doing science” together. Each group is led by a wonderful 4-H SLO Scientist Volunteer Facilitator. Joining a SLO Scientist group is a terrific way for families to connect by participating in fun and worthwhile activities together and learning about the world around you!

For more information about joining a SLO Scientist project, further details about the program, and to reserve a space in one of our local groups, please contact Heather Dauer, 4-H SLO Scientist Project Coordinator, at 781-5943.
The first ever Goat Expo was held on December 7th at the Santa Margarita KOA Campground. This multi-county event was hosted by the Santa Margarita 4-H Club. Tracy Johnston and Kim Morones organized the day. 81 4-H’ers and 51 parents attended this fun event. There were many great presenters including Jan Edwards on Goat Care, Mitchell Schulte and Cindy Youngquist on Market Goats (conformation, showmanship and feeding), Cindy Lindquist on Dairy Goat Showmanship, Colleen Childers on Dairy Goat Confirmation, Kristen Bruce on Equipment, and Kathy Vieira on the Milking Process. A goat bowl of knowledge, led by the County All-Stars, a hot-dog lunch, fun games, and lots of prizes were also included. Thank you to everyone who helped the day run so smoothly, especially Clint Thomas and the Santa Margarita Goat group members and parents. A fun and educational day was had by all!

Our first donation was delivered to the SLO Women’s Shelter on November 21st! The Women’s Shelter was very grateful for the support of 4-H. Special thanks to Pozo 4-H and Huasna Valley 4-H for all their generous donations!

As the 4-H year progresses, we’ll continue to support the SLO Women’s Shelter, which is a nonprofit organization committed to providing shelter for victims of domestic violence and child abuse and helping them get a new start (see more at http://www.womensshelterslo.org/). This is a great opportunity for all the 4-H members in San Luis Obispo County to give of themselves and see how much their generosity benefits those in need!

**Donations can include:** non-perishable food items, toiletries (toothbrushes & toothpaste, toilet paper, shampoo, conditioner, soap, etc.), pet food, towels, craft supplies (glue, stickers, beads, buttons, scrapbook paper, feathers, shells, pebbles, etc), laundry detergent, small kitchen appliances (dishes, silverware, pots & pans, glasses, microwaves, toasters, etc.), used cell phones, new bedding (pillows, blankets, sheets, etc.) and clothing/household/craft/grocery store gift cards.

**The Women’s Shelter has specific need for the following items this month:** deodorant, diapers (sizes 5 & 6), bars of soap, toothpaste, and toothbrushes. Community Club Leaders or 4-H members may drop off items at the tub provided at the County 4-H Office. The deadline to bring items into the 4-H office for the February donation is **January 30th, 2014.**

If you have any questions about this project, please contact Olivia Snodgrass of Huasna Valley 4H at the email address of: sunnysgirl41@gmail.com
Wondering what to do with all the holiday time off from school?
Looking for projects to do inside during the short days of winter?
Planning club activities for next year?
Thinking about a subject for Presentation Day in February?
Just can’t wait to get started on that science entry for 4-H Field Day?....

4-H has many resources to explore for answering any of these questions or giving you ideas for questions you didn’t know you had. 4-H has many Science, Engineering, and Technology activities you and your 4-H club could explore, expand on, share at school, turn into a community project, bring to Presentation Day, or as a Poster entry at 4-H Field Day.

As an example check out what 4-H has developed with National Geographic about the exploring the Mysteries of the Unseen World under the More Science Resources tab at the Website: http://www.4-h.org/youth-development-programs/4-h-science-programs/engineering-technology/
You will find educator Guides, Activity work sheets, and posters, videos and other images of things in our world that you may not know are there. Understand the engineering and science behind how we can see more than we can with just our eyes.

How about those flying critters looking for food in your backyard this winter. Can you identify all the birds you see in your yard or during a holiday trip?. Do you know that 4-H and the Cornell Lab of Ornithology have partnered on a Citizen Science project that teaches you how to support the lab in tracking the birds in the United States? Your observations can be added to observations from all around the nation to help the lab track birds in a changing habitat. Learn more about Bird Sleuthing and the activities available at the WEB site: http://nys4h.cce.cornell.edu/resources/Documents/LabofO-%204H%20Quest%20booklet-2.pdf.

Recently the SLO Scientist Facilitator Team attended a workshop presented by the Cornell Lab and U.C. Cooperative Extension about the Bird Sleuth Citizen Science project and what makes for good bird habitat. We met other 4-H leaders and youth and all learned about how easy it is to share what you see and learn from what others have observed about birds in our region. Please contact the 4-H Office if you are interested in materials to get involved with Cornell project and learn more about the birds that live in San Luis Obispo County or just come to visit.

Looking forward to more science Engineering and Technology activities in 2015.

Since 2008 the National 4-H office has prepared kits to support Club Leaders facilitate science projects. Materials to facilitate exploring robotics, agricultural science, wind power, environmental science and energy are available on loan from the County 4-H Office (805) 781-5943.
4-H HORSE PROJECT — WESTERN TRAIL CLINIC

The rain cleared and the sun peaked through the clouds, so about fifteen 4-H Horse County Project Members could participate in a Western Trail Clinic held at Patty Knudson Training Stables in Paso Robles. 4-Hers tried their best to scrape off the mud from their ponies and horses, tack up, and mount to learn some Western Trail riding skills. Riders learned techniques on walk, trot, and lope, as well as backing. Then, they took to the course and practiced backing between poles, while others played beach ball polo and worked on balance with the hat hand-off and side by side pole hold. Much Thanks goes to Michelle Mitchell and Laurie Ridgeway, Creston 4-H, for coordinating this very fun day!  Submitted by Amber Quick, Cerro Alto 4-H

ALBERTSONS Donates $10,000 to SAN LUIS OBISPO COUNTY 4-H in 2014!

Thank You cards are needed from all of our County 4-H clubs! The Deadline to receive your 4-H Club’s Thank You cards in the 4-H office is Friday, January 30, 2015.

Your 4-H Club’s Thank You cards can be sent to the attention of the 4-H Office at 2156 Sierra Way, Suite # C, San Luis Obispo, CA 93401. They can be hand made, store bought, written on index cards — or whatever method you can come up with — to say THANK YOU ALBERTSONS for their generous $10,000 donation.

Make sure your Thank You card(s) have your 4-H Club’s name on them too!
At the November meeting of the Cerro Alto Dairy Goat Group, we had a goat body parts presentation by Aiden. Everyone participated by putting the correct body parts on the goat. Then we split up into two groups. One group studied for level testing. The other did a goat judging activity. It was tons of fun.
