4-H Well-Represented at Children’s Day in the Plaza!

Saturday, April 11th, marked the 37th Annual Children’s Day in the Plaza held at San Luis Obispo’s Mission Plaza. Our San Luis Obispo County 4-H program was well-represented by side-by-side booths provided by our 4-H All Stars and 4-H SLO Scientists at this very popular event, which included science activities, dancing, singing, painting, theatre, entertainment, community resources, music, food and more.

Our 4-H All Stars, 4-H members and volunteers were on hand to answer questions about our 4-H program to the public as well as assist with the variety of hands-on science activities related to soil science, chemistry and local watershed exploration provided as part of our 4-H SLO Scientist program. 4-H All Star, Jordan Johnson, displayed her prized, adorable bunnies: the Harlequin named “Pie” and a mini Satin, “Pluto.” They were a huge hit with children and adults alike!

Many, many thanks go to 4-H All Stars Jordan Johnson, Genevieve Aguirre and David Aguirre for their help conveying valuable information about our local 4-H programs and assisting with our hands-on SLO Scientist activities. Thank you also to Santa Margarita 4-H Club member, Bernadette Aguirre, and Huasna Valley 4-H club member and SLO Scientist, Aidan York, for their help in offering the activities throughout the event. And thank you to Small Animals Key Leader, Tamara Johnson and 4-H volunteers Kate York and David Dauer for their on-the-scene and behind-the-scenes efforts before, during and after the event!
2014 — 2015
EMERALD STAR PROJECT

FINAL DONATION

This month, we’ll be accepting donations for the final donation to the SLO Women’s Shelter for this 4-H program year. Special thanks to all the supportive 4-H members who have so generously donated to this project in the past few months. The deadline to bring items into the 4-H office for the year is Friday, May 29th, 2015.

The SLO Women’s Shelter is a nonprofit organization committed to providing shelter for victims of domestic violence and child abuse and helping them get a new start (see more at http://www.womensshelterslo.org/). This is a great opportunity for all the 4-H members in San Luis Obispo County to give of themselves and see how much their generosity benefits those in need!

Donations can include: non-perishable food items, toiletries (toothbrushes & toothpaste, toilet paper, shampoo, conditioner, soap, etc.), pet food, towels, laundry detergent, small kitchen appliances (dishes, silverware, pots & pans, glasses, microwaves, toasters, etc.), used cell phones, new bedding (pillows, blankets, sheets, etc.) and clothing/household/craft/grocery store gift cards.

Community Club Leaders or 4-H members may drop off items at the tub provided at the county 4-H Office at 2156 Sierra Way, Suite C, San Luis Obispo, CA 93401. If you have any questions about this project, please contact Olivia Snodgrass of Huasna Valley 4H at the email address of: sunnysgirl41@gmail.com
4-H SLO Scientists Explore Oak Woodland Preserve

In culmination of their Oak Woodland Wildlife studies through the 4-H SLO Scientist program, Santa Margarita SLO Scientist members and their families had the unique opportunity on March 30th to explore the oak ecosystem at the Santa Margarita Oak Woodland Preserve, in conjunction with the Learning Among the Oaks program, directed by program coordinator and founder, Beverly Gingg, and SLO Scientist Facilitator, John McCabe, who co-led the field trip. The group learned about the various animals and birds who use the local blue, valley and coast live oaks; discussions included understanding the niche concept and “jobs” that different animals have in the habitat, adaption methods, and even the lovely wildflowers in bloom!

Features on this special hike included the “California Oak Woodland Birds” puppet show directed by Cal Poly student and volunteer, Kelsey Wellard, and presented by the Santa Margarita School student Oak Ambassadors. Bird and Oak specialists, Mike and Ruby Klatt, were also on hand to offer fascinating information about birds, which can thrive in this environment. SLO Scientist facilitator, John McCabe, presented exciting geological details about this “land under the sea.”

A huge thank you to John McCabe for facilitating our Santa Margarita SLO Scientist program this year and co-leading this wonderful finale hike along with LATO director Beverly Gingg and the terrific volunteers active in the LATO program! (Photos provided by Mike Klatt and Heather Dauer)

Parkfield 4-H Takes a Mystery Trip

Parkfield 4-H Club took their annual Mystery Trip on April 9th to Paso Bamboo and the Port San Luis Lighthouse. “The Mystery Trip feels exciting because you don’t know where you are going. We bug Marlene, but she never tells us anything,” Katrina, a 2nd year member said.

Marlene Thomason, the 4-H Community Club Leader for Parkfield 4-H, organizes the Mystery Trip and keeps it secret from members until they arrive at the destination. The Mystery Trip is paid for with fund-raising money from potlucks, the food booth at an annual clay bird shoot, and the Parkfield Rodeo gate fees.

The first stop was to Paso Bamboo, which is the only bamboo farm in Paso Robles. The farm was started over 15 years ago by Mr. Villa and his family because they wanted to do something different. The club was led on an expedition through the different bamboo forests. Paso Bamboo has many different types including crooked stem, temple, and black bamboo. “It was quiet and not much light was coming through the bamboo forest. We learned that bamboo grows like an old car antennae because it extends out in layers,” Austin, a 3rd year member said.

Next the club visited the lighthouse at Port San Luis which is over 100 years old. The club was given a tour through the lighthouse and was told about the people who lived there. The tour guides also talked about the fog signals and lamps used to help the boats. A lunch was provided that included sandwiches, cookies and oranges. “The lighthouse was interesting and I learned a lot. I like how we got to play with the old toys,” Victoria, a 4th year member said.

The 4-H club concluded their trip with a visit to the beach at Port San Luis. Submitted by Cody and Lupita, Parkfield 4-H Club Reporters.

Morro Bay 4-H Leadership Meeting

On February 22nd the 4-H Leadership project meeting was held at the Grange Hall. We talked about the Western Bonanza for our old business and our annual family bowling event for new business. We also discussed what our community service would be for the general meeting to be held on Tuesday March 3rd. We decided it would be a canned food drive. For the ice breaker game that would be held in the middle of the meeting so everyone had the opportunity to play, would be everyone would receive a piece of paper cut out in the shape of a hand, then the paper hand would be taped on each member's back, everyone was given a pen and had to write positive qualities about that person on the paper hand. We have had a very fun leadership meeting. I would encourage all members of 4-H to be part of the leadership project and come have a blast with us. Submitted by: Amber, 4-H Club Reporter

Coins for Cats! That was the Community Service theme for the Santa Margarita 4H Club’s February Service project. Sherry Chapman, shelter manager for the North County Humane Society came and spoke with our club about the facility and program that is run there. Members of the club collected coins during the month of February and presented Mrs. Chapman with $65 and some other needed supplies to help run this special cat only shelter. Mrs. Chapman said they are always looking for more help and if anyone is interested in volunteering, please stop by the office at 2300 Ramona Rd. in Atascadero, to fill out a volunteer application. For more information please call 805-466-5403. Submitted by Analisa, Santa Margarita 4-H Club Reporter; photo submitted by: Ryan

The Templeton 4-H’ers have been busy showing their Community Pride in March! - (See photos on Page 7)

On Saturday, March 7, the members, leaders and parents worked with the Templeton Recreation Department to prepare the fields at Evers Park for the upcoming softball season. The group helped spread out dirt to fill in holes in the field and dugouts, as well as, cleaned out the equipment storage trailer. The following weekend, on Main Street in downtown Templeton, the members were making a difference gathering 2 bags of trash. Many business owners expressed their gratitude as the members passed by their stores. Then on Friday, 3/20, members were using their creative talents to make posters for the Templeton Lions’ Eyeglass Recycle Program. At the Farmers Market the next day, the Lions Club proudly displayed the posters to advertise their event. The club members that participated in one or more of the month's activities are Alison, Makena, Riley, Blake, Hope, Jade, Nathan, and JoDee.

This year at the monthly meetings, club members have done an amazing job of bringing bags of soda pull tabs and donating used eyeglasses for the Templeton Lions collection boxes. At the March 20th Lions' meeting, Navid Fardanesh, the Templeton 4-H Community Pride Project Leader & a Lions Club member, presented over 7 pounds of pull tabs and 4 dozen eyeglasses to the Lions' District Representative. The representative was extremely appreciative and very impressed with the collaboration between the two groups!
