The 2008-09 California Avocado Growers' Seminar Series

CAC/CAS/UCCE

"CREATING OUR FUTURE"

Tuesday, April 14, 2009

1:00pm - 4:00pm Cooperative Extension Auditorium

**BUGS! Pest Research Updates & Panel Discussions &
Tools For Thrips Control - What is New and What is Changing in Pest Control Products**

BUGS! Pest Research Updates & Panel Discussions 1:00pm to 2:45pm

Researchers and Entomologists—Doctors Joe Morse and Mark Hoddle, UCCR Entomology department, will provide research updates on avocado pests in California as well as potential avocado pests. The presentations will be followed by Q& A.

Tools for Thrips Control—What is New and What is Changing in Pest Control Policies 3:00-4:00 pm

Dr. Guy Witney, CAC Industry Affairs, will discuss new products available for thrips control and what we can expect from them. Big picture issues including abamectin's future and pest resistant management will also be discussed. A combined panel of Drs. Morse, Hoddle and Witney, Dow Agriscience representative and local Pest Control Advisors will participate .

Three water quality education hours and pest control advisor hours have been approved for this meeting.

Mary Bianchi, Farm Advisor
