

## Workshop on Maintaining and Improving Rural Roads

**December 6, 2017**

9:30 AM-1:00pm

J. Lohr Wine Center

6169 Airport Rd, Paso Robles, CA 93446

### Intended Audience:

Ranchers, forest landowners, rural residents, non-profit organizations and agencies responsible for maintaining and improving generally unpaved roads accommodating resource management, residential and recreational users.

### Workshop Objectives:

Provide landowners and land managers with information on:

- Identifying road-related problems and their causes
- Road best management practices
- Preventing road failures or impaired functioning
- Reducing future maintenance costs
- Minimizing environmental impacts of roads

### Workshop Topics:

- Fundamentals of rural, low volume roads
- Environmental conditions affecting roads
- Road assessment methods
- Road management and maintenance
- Permitting Requirements
- Sources of Technical and Financial Assistance
- Storm-proofing roads

### Sponsored by:

Northern California Society of American Foresters, Upper Salinas-Las Tablas Resource Conservation Districts, UC Cooperative Extension.

Support for this program has been provided in part by USDA-Forest Service, State and Private Forestry and the California State Department of Conservation.
