By Ashley McCollum and Travis Emerson, All Stars

On January 23-25, 2004, four of the San Luis Obispo County All Stars and all three of the Senior All Stars attended the Teen Involvement Conference at Pathfinder Ranch. There were many fun and exciting sessions and activities.

Two sessions that some of us went to were Digital Photography and Personality Colors. At the Digital Photography session, we were taught how to use a digital camera by Cindy Sperry, a computer corps member. She split us into groups and we had the opportunity to walk around and take pictures of each other using digital cameras. Some of the pictures we took were used in the Afterglow presentation at the end of the conference. In the Personality Colors session, we took mini-quizzes about our personalities. After scoring our mini-quizzes, we determined what our color was based on the type of personality we had. It was fun to see what type of personality other people had.

The SLO county All Stars did two presentations of Motion Potion, which was about the basics of parliamentary procedures. The point of the presentation was to have the audience take part in parli pro, after we had told them the basic parts. Once they got the hang of it, we had them create either ice-cream sundae (continued on page 3)

Make A “Small” Difference!

By Julia Small, Adobe Nipomo

First, I would like to tell you about St. Jude Children’s Research Hospital. Some of you have asked if this hospital was related to the St. Judes Ranch for Children, no they are not related. St. Judes Ranch takes care of abused, abandoned and neglected children. St. Jude Hospital finds cures for children with life threatening illnesses through research and treatment. However both agencies are non-profit and both rely on fundraisers to continue serving the needs of children. St. Jude Hospital treats about 4,500

Small” Difference

(continued from page 1) children a year, most are treated on an outpatient basis as part of ongoing research. The hospital also has 58 beds for children needing hospitalization. If you want to learn more about St. Jude Children’s Research Hospital, you can visit their website at www.stjude.org.

Now, I want to tell you how Jay Turner, DJ for Sunny Country 102.5 got involved with St. Jude Hospital. When he started with Sunny Country four years ago, part of his job was the St. Jude radio-o-thon. After that first year he was hooked and it became something that he wanted to do. After that first radio-o-thon he went to St. Jude Hospital and met the doctors and patients. That trip made him become very dedicated to the cause of helping children with cancer. Mr. Turner told us that in 2001, when most charities were not making much money, this radio-o-thon actually did better than the previous year. He is very glad that the San Luis Obispo County 4-H clubs are going to help him with this year’s St. Jude Radio-o-thon.

So, why do I support St. Jude radio-o-thon? Most of us know people that have cancer or have died of cancer. My sister and I know how it feels because our older cousin Janelle Ferrari died two years ago from cancer. She loved being involved and helping kids. So, St. Jude is the perfect thing for us to do in her memory.

Please support the St. Jude Radio-o-thon on March 11 & 12 by calling in your donations and pledges to (805) 925-5764 and tell them its a donation/pledge from 4-H. Questions? Please call me, Julia Small at 929-3614 or call Jay Turner at Sunny Country FM 102.5 at (805) 925-5764 or email Jay at Cjnj@sunnycountry.com.

Fundraising/Gift Director, Ken Dewar

Ken Dewar was born and raised in San Luis Obispo. Currently, he lives in Arroyo Grande. He is married to Sandi and has two daughters, Morgan and Rachel, who are in Huasna Valley 4-H.

While always around 4-H and knowing many people whom have been in 4-H or leaders in 4-H, Ken was never a member of 4-H. “I became involved with 4-H when my oldest daughter, Morgan, joined Huasna Valley 4-H in 2000.”

My wife, Sandi is a Huasna Valley 4-H leader for the Horse, Poultry and Entomology projects this year. Also, she is on the Science and Technology Program Development Committee. Sandi is involved with many other activities as well.

Morgan, my oldest daughter started 4-H with the Horse Project. This year she is a junior leader for rabbits, participates in horse, swine, entomology, poultry and cooking and is the Vice President for Huasna Valley. She does two hours a week of tutoring as her community service project at Harloe Elementary School in Arroyo Grande.

Rachel, started 4-H this year and is in the first grade. She participates in the rabbits, cooking, and entomology projects. Eventually, when she is old enough, Rachel wants to do a Guide Dog project.

Goals: “My goals, as the Fundraising and Gifts Director, are to bring in donations and sponsorships. I would like to see many of the aspects that take resources from the operating capital of the County 4-H program be changed so that it is underwritten by former/current county 4-H members/leaders. I would like to see the value and benefits that the 4-H youth bring to our area publicized more. I would like to see the SLO County 4-H have a reserve of three years operating costs, plus have the annual Field Day supported entirely by donations.”

Currently, “my favorite activity that I’m enjoying is my involvement with the youth of SLO County in the annual Tractor Restoration Competition that our company helps to underwrite each year at the Mid State Fair. The excitement of watching the competitors learn mechanics, safety, record book keeping, presentation skills and seeing the end results of a finished restored tractor, is something that few words can describe for me.”

(Editor’s note: a picture of Ken will be published in a future news & views, I apologize for the inconvenience.)

Anniversary Celebration
by Eric Hendrickson, co-reporter Estero-Morro Bay 4-H

On February 14th members of the Estero-Morro Bay club helped celebrate the 40th anniversary of the City of Morro Bay. The city of Morro Bay was incorporated in 1964. To observe this anniversary, leaders and citizens decided to hold a parade.

For your information, there has been a 4-H club in the Morro Bay area since the 60’s, so our club had the perfect opportunity to celebrate its history along with the city’s history.

Estero-Morro Bay 4-H members and parents decorated a float showcasing the variety of projects and activities available in our 4-H club. Members rode on a flatbed trailer decorated with banners, hay bales and some of their project animals. All of those involved in this community outreach had a great time.

The San Luis Obispo County 4-H Youth Development Program is proud to introduce to you, three 4-H members who are taking on the webmaster challenge.

NV: So, what are your names and how old are you?
SS: My name is Sonia Slavinski and I just turned 14.
JD: John DiSanti, 14 years old.
GS: My name is Garrett Smith and I’m 14 years old.

NV: What experience do you have with computers?
SS: I have taken one and a half years of computer classes in school, but mostly everything I have learned is self-taught. I have upgraded almost all of the hardware in my computer myself and have made numerous software changes/adjustments. I began learning about the software of a computer when my computer games stopped working and I had to fix them. I started upgrading my computer when the games wouldn’t fit or weren’t fast enough.
JD: 3D Modeling, computer came programming, pixel art, building custom computers, web mastering (www.santiproductions.com), program games for the Game Boy Advance SP.
GS: In 8th grade, I took a computer class and I learned how to work graphic programs. Currently, I am taking a computer class.

NV: At what age did you start hitting the keyboards?
SS: I was 3 when I first played a computer game, it was some kind of Mickey Mouse game. I first opened the CPU and learned about the hardware when I was 7 or 8, and I was online chatting with friends at 10.
JD: 6
GS: I probably started using a computer when I was about 6 or 7.

NV: How much time do you spend on the computer daily?
SS: I spend a couple of hours on the computer daily. This time is spent on homework, chatting with friends, or sending e-mails.
JD: Average: 6 hours.
GS: About 30 min. to 2 hours.

NV: How much of this time is on video games?
SS: I rarely play computer games or video games, I have no time. But if I am bored, I like to play Roller Coaster Tycoon or The Sims. I used to be a Sim fanatic, as is anyone that has played the game, but then I found things like creating websites to do on the computer. I have never played war or racing games, I like life or business simulation.
JD: Very rarely, only when I get a new game.
GS: Sometimes when I’m playing a game I play for about an hour.

NV: What are some of your other extracurricular activities?
SS: I play for SLO JRS. which is a travel volleyball team, I am a math tutor, and of course, I am in 4-H.
JD: Fencing.
GS: -Track, golf, paintball, and playing my xbox.

NV: Are you in any other 4-H projects?
SS: I am in the rabbit project group and woodworking.
JD: I raised a pig in the past.
GS: My other 4-H project is shooting sports.

NV: Why are you interested in being a Webmaster?
SS: I am interested in being Webmaster because I love working with computers and creating websites.
JD: For service hours at Saint Rose School.

Having a Swine Time at Templeton 4-H

Hi, my name is Eryn Becker and I am from the Templeton 4-H Swine Group. I am a teen leader for the swine group and President of our club. Our 4-H club has each project group do a demonstration at the general meeting each month. The demonstrations are to teach the club about what you learn in your project group.

Recently, I decided to head the committee for the swine group’s demonstration. About twelve kids and I had a meeting and decided on an absolutely fabulous idea for our demonstration. Using the theme of the eight major breeds of swine, we decided to put on a fashion show!

At our meeting, we made giant signs with each breed of swine’s name on it and colored them in. I found pictures of each breed on the internet and blew them up so everyone could see them. Then, we finalized how we were going to run our fashion show.

I was very proud of the members in my committee, especially the first year members who had some excellent ideas. At our swine meeting, we had more people sign up to help and we also had a run-through after the meeting just to make sure it went smoothly.

At our February general meeting, we had our fashion show. All the kids came up front and got in pairs with their signs and pictures. Savannah Hoagland, Shelby Wright and myself presented each breed and its characteristics. While we were talking, the kids would walk down the aisle and pose. We also had pig noses to wear as part of our costumes, which looked awesome on everyone. I think that the club learned a lot from our demonstration and still got to laugh a lot.

Thank you to all the kids who participated and you did great!

Canyon Country 4-H to Host 4-H Dog Show

Hi 4-H is Here!  
And Here to Stay!

Hi there, Bruce Courter from Chaparral 4-H here and I am looking forward to bringing Hi 4-H to San Luis Obispo County. At this time, the tentative plan is to divide the county into three districts:

1) North County (Cuesta grade north and Parkfield)
2) Central County (San Luis Obispo to the coast to Cambria),
3) South County (Shell Beach south to Nipomo).

I have volunteered to be the North County District Adult Supervisor and I would like to see a “go-getter” volunteer (can be one or more) from each of the tentatively planned districts to be a District Adult Supervisor for their respective areas. Oh, and if you are interested in joining me in North County, you would be most welcome.

Members have to be 13 years old and older or in the 8th grade as of July 1st in order to be a part of Hi 4-H. The goal is to plan fun activities for Hi 4-H members.

If you have any questions about Hi 4-H, please call me, Bruce Courter at 238-0608. I look forward to working with all of you!

GS: Because I’ve always been interested with computers and electronics. When I’m older I would like to have a job working with computers.

NV: What are your ideas for the future of the website?

SS: My future plans for the website are hopefully getting a chat room or message board and redoing the look of the site.

JD: A new layout.

GS: My ideas for the future website are to make it more user friendly and more interesting.

NV: Will we be seeing any changes soon?

SS: Hopefully, yes. We are already beginning to redo the website from scratch.

JD: I have a layout but we all need to go over it ;).

GS: Hopefully, I am really looking forward to working on the website.

**Fun with Food & Fashion**

Mark Saturday, May 8, 2004 on your calendar now!

Plan on attending this year’s Fun with Food & Fashion. Last year was a huge success.

**Don’t miss this great and fun event!**

**Attention Quilters!**

Exciting changes are taking place for quilters this year. The quilt show will be moved from Field Day to Fun with Food & Fashion on Saturday, May 8, 2004! There will be new categories from unfinished to completed projects.

If you have suggestions or would like to volunteer (a little or a lot) with Fun with Food & Fashion or help create the Quilt event, please contact Rhonda Garris, Fun with Food & Fashion Event Chair, at 438-5513 for meeting date and information!

**WANTED:**

4-H member for a Special Quilt Project.

San Luis Obispo County 4-H YDP has been asked by Pleasant Valley 4-H of Carver County, Minnesota if we would like to participate in their special quilt project. They are making a quilt that will have squares from all 50 states and they asked us if we would provide a square representing us and California.

Please contact Rhonda Garris, 438-5513, for more information about the Carver County Special Quilt Project!
